Hi Mark

**RE: Survival Liquid Tyre Sealant**

Since we started using your product in our LHD's and underground LDV's at Matla Mine we have enjoyed the significant cost savings you promised. We have seen the same savings in our Abnormal Load Horse and Trailer. Survival really does do what you said it would.

We have also not had a single puncture any more of my quad bikes in the last 8 Months making our days out a lot more hassle free. No one should be without Survival.

The service and courtesy and the enthusiasm of the Survival personnel is a welcome change and some of our other of suppliers can learn a lot from your Company.

Kind Regards
