TO WHOM IT MAY COCERN

1. This unit underwent the testing of your product (SURVIVAL) and found it very impressing as shots were fired with R4 rifle and 9mm pistol and the product worked amazingly at once. We were also given a 5L as a sample and a pump as well as the canister and our team is currently assessing the product and will provide our HQ with relevant report for the product to be purchased.
2. We therefore recommend that this product must be purchased in a short time.
3. For your info.
